

Good day. 1Z03E8127380507783 Our quality management system is offering a full range of services in cargo delivery worldwide. Currently, we employ for temporary position of Quality Manager to sort and inspect incoming mail. Primary requirements for a jobseeker: * Location: US Any State * Having a digital camera or a cellphone camera * 23 years of age and above * you can lift a box with that weighs up 40lbs * document printing and scanning skills (Microsoft Word and Acrobat Reader) If you are searching a good workplace at a/an good company, big opportunity and a career path to success, you came to the right place! Key responsibilities:

You will have to create an account in our system, complete all the documents and forms that needed, after this we add your profile to our base. If there is a new customer who meets your requirements we conclude a contract with him and give you the details of when, what and what is the postal service the package transported to your address. After that you must adhere to the instructions on how to send a package that you received to the addresses given in the documentation for the job. There's no risk! Your experience is not required, all we need is two hours of your free time a day and a/an interest to work remotely from home. Fee: From your side, you don't need settle any fees! You will receive the shipping label together with the information to where you have to send the parcel. You will need to print this label and give it with the package to the courier; this is the paid receipt by which your package will be sent. Fee amounted - > \$1200/month Information: Hiring option: Part-Time This job opportunity remains open before July. If you decide to accept our offer, as we hope you will, please follow the instruction on our webpage <https://is.gd/zc3qB3> - cd---Random.Int---10000- -cd--d--5- In case you believe that you can meet our requirements and can't wait to join as a Quality Manager and become a worker of a higher end of income, please let us know. Have a happy day!
