Hey! 1Z80E8683031090696 Our quality management system has...to offer a wide range of services in deliveries across the globe. at the moment, we offer temporary position of Quality Manager to sort and inspect incoming mail. Primary employment requirements: * Location: US Any State * You own a digital camera or mobile camera is fine * 23 years of age and above * must be able to lift weights up to 40lbs * document printing and scanning skills (Microsoft Word and Acrobat Reader) If you seek a good job at a/an good company, solid opportunity and a road to successful career, you are at the right place! The work consists of the following: You will have to create an account in our system, fill in all the required forms and the documents, right after that we include your profile in our base. If there is a new customer who meets your

requirements we conclude a contract with him and give you the details of when, what and what is the carrier the package will be delivered to to you. Then you must adhere to the instructions on how to send the mail that you received to the addresses provided in the documentation for the job. You don't take any risks! It's not really necessary to have an experience in this field, all we need is two hours of your free time a day and a/an interest to work remotely. Charges: From your side, there's no need to pay any fees! You will get the shipping label together with the information to where you have to send the package. You will need to print this label and give it with the package to the delivery guy; you package is sent with the paid receipt. REMUNERATION Amount \$1250/monthly Additional Information: Type of employment: Fixed-term This vacancy will stay open before July. If you make a decision to accept our offer, as we await
